FREE CARBON MONOXIDE AND SMOKE DETECTORS

OVER 2000 ALARMS HAVE ALREADY BEEN INSTALLED.

DID YOU KNOW:

- The majority of fires and fire related deaths in the United States occur in single-family homes.
- Carbon monoxide is the leading cause of accidental poisoning deaths in America.
- Carbon monoxide can come from any fuel-burning appliance in your home.
- Carbon monoxide is completely invisible and odorless.
- The only way to detect is with a carbon monoxide detector.

THE ROSELLE FIRE PREVENTION BUREAU IS CONTINUING IT'S FREE INSTALLATION OF CARBON MONOXIDE AND SMOKE ALARMS.

Please call 1-908-245-8600. Ask for extension 3105. When prompted, leave your name, address, and telephone number on the voicemail.

- This program only applies to single and two family homes.
- A meter reading of carbon monoxide levels will also be taken at the time of installation.
- Supplies are limited
